The days of manual handling of envelopes are over with Labelmaker! WORKS WITH GSUITE / GOOGLE WORKSPACE Labelmaker makes your transition to Google Docs a reality. Have you used merge tags in Word? Labelmaker will feel familiar and easier to use. Labelmaker combines the power of Google's solutions to replace mail merger solutions: Microsoft Mail Merge (also known as MS Mail Merger, MS Word Mail Merger, MS Word in Envelopes and Labels, MS Master, Mail Merger Excel), Mail Merger Libreoffice/Libre Office, Pages and Post Numbers merger. Now you can send a merger from Google Docs, Google Spreadsheet and Google Drive instead of mail merging with Excel. The label maker is the best alternative to the postal merger of the company Kvklucia, also ® Avery® Label Merge. PRIVACY By design, your data always stays in your Google account. Spreadsheet data and mergers are not common to everyone, including the add-on owner. Here's all the data we need to make The Labelmaker work: - Your email address - know who you are - Tables and metadata sheet (name and unique ID - that's all) - Merge metadata (merger date, number of lines - it's all over again) Labelmaker complies with privacy laws (especially the GDPR and California Privacy Act) to protect your data.
